

2022 LEOPARD THE EXUMAS FLOTILLA ITINERARY

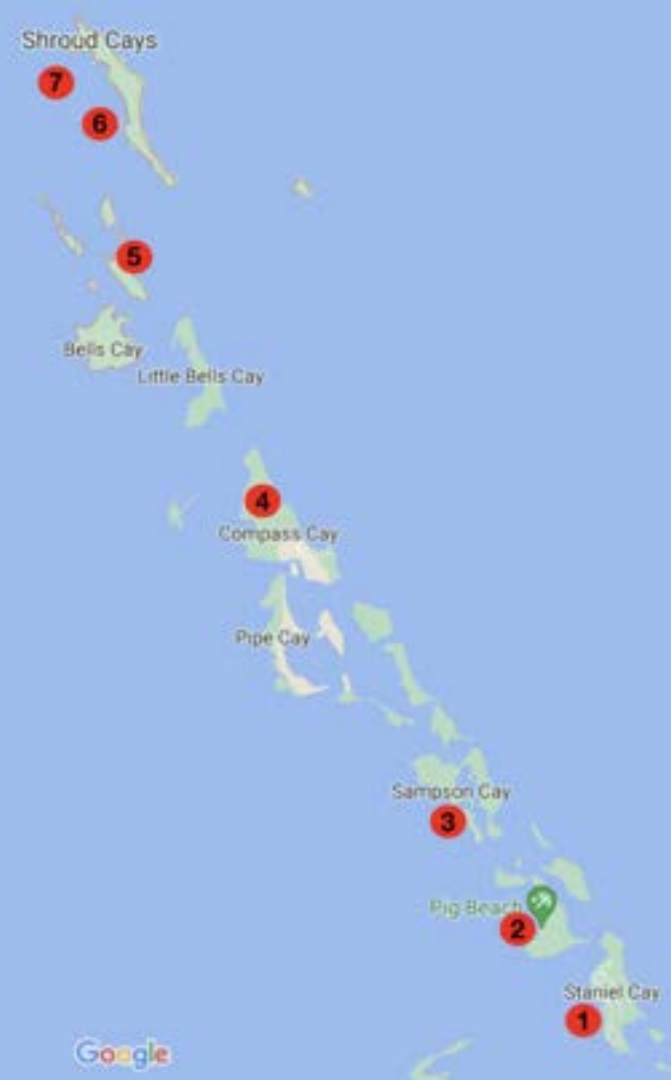

LEOPARD
CATAMARANS

The Leopard life is all about exploration and camaraderie. Come celebrate both at Flotilla 2022, a seven-day gathering that will take you across The Bahamas' stunning Exuma islands in the company of fellow Leopard owners.

Flotilla is set for April 30 - May 6th, 2022, and tentatively includes anchorages at Staniel Cay, Big Majors Cay, Sampson Cay, Compass Cay, O'Brien's Cay and Warderick Wells.

Your \$250 per person Flotilla fee includes access to a dedicated Vacation Planner, support of a lead boat during the event, two group dinners ashore, a welcome package and a week of unparalleled fun.

DAY 01

APRIL 30

Meet at the [Staniel Cay Yacht Club](#) for the Flotilla 2022 opening cocktail party and dinner. Staniel Cay is the ideal getaway spot, a charming island surrounded by the most beautiful water imaginable. SCYC just added 21 mooring balls near the marina to accommodate more visitors with minimal impact on the pristine seafloor.

DAY 02

MAY 1

Dingy to Big Majors Cay, where you can splash about with the island's famous and delightful [swimming pigs](#). No one is sure how the porkers got to Big Majors, but their love of the surf helped put this beautiful place on the map. When porcine playtime is over, make your way over to Thunderball Grotto, which appears in numerous films, including two James Bond movies, *Thunderball* and *Never Say Never*. The grotto's exotic marine life, complex geology, and dancing light make it a paradise for divers and snorkelers. Cap off the day in style with our Leopard Print Night happy hour. Prizes for the best spotted outfit!

DAY 03

MAY 2

Stunning sand bars are a hallmark of the Exumas, and nearly everyone agrees the most beautiful bar lies off Pipe Creek on Sampson Cay. Explore Pipe Creek's soft sandy shallows and turquoise water by dinghy or SUP. As you paddle, keep an eye out for marine life, including sea turtles. If you don't see any shelled creatures, no worries. Join your Flotilla companions for a tour of the nearby turtle sanctuary, followed by a happy hour on the sand bar.

We'll test your most crucial cruising skills with a dinghy race and a cocktail mixing competition.

DAY 04

MAY 3

Today's Anchorage is Compass Cay, home of Rachel's Bubblebath, an Exumas must-see. The bubble bath is a small lagoon separated from the ocean by a thin rock bar. When the tide is, or the sea gets rough, waves crash over the rock bar into the lagoon, creating a bubbly effect in the warm lagoon water. Once you've checked that box, head over to the Compass Cay Marina, where you can swim with the cay's nurse sharks. These giant (up to 14-feet) bottom feeders are majestic and generally harmless to humans. Be sure to schedule your adventuring around our bocce ball tournament!

DAY 05

MAY 4

O'Brien's Cay has several great snorkeling and diving spots, including an area known as "The Aquarium," which is jam-packed with tropical fish, turtles, rays and octopi. When you've seen your fill of marine wonders, another underwater adventure awaits nearby: the submerged wreck of a small airplane. As if all that wasn't enough fun, we'll take a trip back in time that evening with a 1990's night, a celebration of all that was in vogue when the first Leopards were christened.

DAY 06

MAY 5

Shore-side adventure takes center stage at Warderick Cay. This lightly visited island offers hiking trails dotted with dramatic blowholes, numerous sandy beaches, and the 53-foot skeleton of a sperm whale. Enhance your exploration by participating in our Warderick Cay scavenger hunt. When the day is done, we'll mark the last night of Flotilla with a white party, potluck dinner and parade of lights. Dig out those fairy and Christmas lights and deck your boat from stem to stern, masthead to hull, to celebrate the joy of the Leopard life.

DAY 07

MAY 6

For a final adventure with your new friends, join Flotilla members for a morning group hike to the top of Boo Boo Hill and leave a piece of driftwood with your boat's name on it.

The Flotilla comes to an end at midday.
